

# Arrow 2-in-1 Tacker

## T50RED2

- Versatile 2-in-1 tool handles both staples and brad nails, making it ideal for insulation, upholstery, trim work, general repairs, and professional projects.
- High/low power switch lets you adjust driving force for hard or soft materials, ensuring clean, accurate fastening every time.
- Compact, lightweight design boosts mobility, reduces hand fatigue, and makes the tool easy to maneuver in tight spaces.
- Ergonomic, no-slip grip provides comfort and control during extended use.
- Integrated belt clip keeps the tool within reach and improves jobsite efficiency.
- Bottom-load magazine allows quick reloading and simplifies jam clearing for smooth, uninterrupted workflow.
- Staple-viewing window shows when fasteners are running low so you can reload before you run out.
- Color-coded fastener guide helps you select the right staples or brad nails for different materials with confidence.
- Compatible with Arrow T50 staples (1/4", 5/16", 3/8", 1/2", 9/16") and brad nails (5/8", 3/4", 1"), offering broad flexibility to match your project needs
