

# Arrow Slim Hammer Tacker

## HT55

The HT55 is Arrow's best-selling slim Hammer tacker. The lightweight, stamped steel housing is precisely balanced to deliver quick, powerful strikes. HT55 is great for insulation, flooring, and roofing applications where speed and ease of use are key.

- Loads two full strips of Arrow T50 staples, 1/4-inch, 5/16-inch, and 3/8-inch
- Soft, ergonomic red handle designed for comfort and reduced hand fatigue
- Lightweight stamped-steel body makes repeated use easier for all users, including non-professionals
- Precisely balanced construction for consistent, powerful strikes.
- Integrated handle guard keeps the operator's hand protected from mishaps.
- Quick-load magazine allows fast staple loading and easy jam clearing
- Rugged, durable chromed-steel plated housing built to withstand demanding jobs
- Designed with consumers in mind for ease, comfort, and reliability
- Patented quick load magazine saves time.
