

Arrow TacMate Staple Gun

T21X

The TacMate staple gun is a contemporary, well-built tool designed for today's demanding DIYer. Its lightweight molded housing, soft-grip surfaces, and durable metal internal components deliver impressive power in an easy-to-use design. A non-marring rubber tip protects surfaces, while push-button loading and a staple-viewing window make operation simple and efficient.

- **Comfort & Protection:**
Lightweight housing and a molded ergonomic handle ensure a secure, comfortable grip. The non-marring rubber tip protects surfaces from dents and scratches.
- **Heavy-Duty Construction:**
Durable metal internal components deliver reliable power for demanding projects—from attaching fabric to furniture to decorating bulletin boards.
- **Efficient & Easy to Use:**
Bottom-load magazine enables fast, simple reloading. A staple-viewing window makes it easy to see when it's time to refill.
- **Staple Compatibility:**
Uses Arrow JT21 staples in 10mm, 11mm, and 14mm sizes—ideal for heavy-duty applications like crafting, home repairs, upholstery, and window treatments.
